We handle your personal data collected during our business operations with the greatest of care. CryptoCanal will only use your personal data in accordance with the conditions of this Privacy Statement.

This Privacy Statement explains the following:

1. Basis and reasons for processing data;
2. How we use these data;
3. Security of your data;
4. Other considerations.

1. Basis and reasons for collecting data

CryptoCanal collects data to be able to provide event services. The collected data is used to order and purchase event tickets from Guts B.V in a safe and reliable way. We will request the following information in order to successfully process a financial transaction: first name and surname, e-mail address and telephone number. This data will allow us to correspond with you about the status of your transaction in acquiring the tickets, or to contact you if there are any issues or new Covid requirements.

In addition, CryptoCanal will use your data, if you have granted express permission for this, to provide you with further content, via a newsletter to inform you about our services and upcoming events.

Data are collected in the following ways:

Data that you provide to Guts B.V.:

When you create a profile/account within Guts you provide certain personal data (such as: name, e-mail address, telephone number).

Data that we received on the basis of your use of our services:

We collect data about the services that you use and the way that you use them. These data include: device data, log file data, location data, unique application numbers, local storage, cookies and comparable technologies.

2. Use of data

We do not share personal data with businesses, organisations and individuals outside of CryptoCanal. Only if you have granted explicit permission to share the data collected by declaring your agreement. CryptoCanal will only share your personal data in accordance with the applicable Dutch law.

3. Security and duration of the storage of your data

At CryptoCanal we do everything to protect Users against unauthorised access or unauthorised modification, disclosure or deletion of data that are in our possession. We restrict access to your personal identifiable information to employees who need this information to offer our service to you. Our security systems comply with the requirements of European and national legislation in the area of the protection of personal data and your data are only stored on servers within the EU.

4. Other considerations

If we receive a written complaint, we will contact the person who submitted the complaint to discuss follow-up actions.

You have the right at all times to ask us to delete your data. You can submit a request to this effect via eleonore@cryptocanal.org we will then contact you as soon as possible to confirm that your data has been deleted.

This Privacy Statement applies to all services of CryptoCanal.

Our Privacy Statement may be amended from time to time, but we will not restrict your rights without your express consent.
